We always believe in making life easy for our customers, which is why when we needed to move premises to somewhere larger - we found a site only a stone's throw away from our current location.

Our move reflects the growth of the company over the last few years, and with more available spaces, we can now house more vehicles and more stock, meaning we're equipped to service you better than ever before.

- + **7 Acre Site** (three times larger than before)
- + **PDI Centre** and fully equipped service bays
- + **Test bays** with loadbanks
- + **Increased Parts storage**
- + **Increased Stock sets**

**NOW THE
BIGGEST AND
BEST FACTORY
IN THE UK**
